

# WHAT ARE YOU AFRAID OF?

## DISEASE: THE FEAR OF SERIOUS ILLNESS

### CONVERSATION STARTERS

- 1.** Sickness changes our behavior. How does your behavior change when you are sick?
- 2.** Describe a time that you faced a health challenge and prayed to God. How did God answer your prayer? How does it make you feel to know that you don't have the ultimate control over your health?
- 3.** Disease affects us in a number of ways: suffering/pain, physical limitation/handicap, social difficulties, financial burdens, or death. Which of these consequences do you find most frightening and why?
- 4.** When you—or someone you know—face a disease, are there any lingering doubts that hold you back from finding peace in the midst of suffering? What steps can you take to more fully entrust your health to Jesus?
